

**St. Elizabeth Medical Center, Marian Medical Imaging and Mohawk Valley Imaging** are pleased to introduce **PACS**, the most advanced Picture Archiving Communication System. Physicians can now consult with specialists and review diagnostic images from their own offices or wherever they have Internet access, improving the quality and timeliness of patient care. They can review x-rays, CT scans, MRIs and sonograms.

# THUMBS UP

*to filmless imaging and advanced patient care*

## *Physicians Can Experience This Amazing Technology*

St. Elizabeth & Mohawk Valley Imaging will host an **educational session** where Physicians, Physician Assistants, Nurse Practitioners and their Office Managers can 'test drive' PACS. *For details, call 315-796-9284.*

**SE** *Quality*  
& *Convenience*  
**MC** *in Medical Imaging*
